

Superior **TNF**

The world's leading brand
in marine interiors

TNF has been leading the development in marine interiors since 40 years. Millions of TNF square meters in more than 8000 commercial ships, 500 offshore platforms, 400 navy ships and 70 cruisers are strong examples of successful use of TNF by satisfied customers around the world.

TNF is the complete high quality accommodation system for all marine interiors. The world famous TNF quality is demonstrated in the environment, which can be designed to provide the ideal conditions for all functions.

TNF 2S

The most versatile panel system in the market

TNF Magic®

- Halogen free
- Fire Retardant
- Low flame spread
- Low calorific value
- Non toxic
- No Chlorides

- No Cyanides
- No Dioxin
- Lightweight
- Hard Wearing
- Easily Maintained
- Competitive
- Vast Colour Range
- Stylish

The TNF 2S Wall System offers total flexibility and short installation times for panels in standard thickness of 25, 50 and 100 mm, widths up to 1100 mm and lengths up to 6500 mm. TNF 2S is coming in Standard, Modular, Taylor made, High Noise Reduction, Removable, Access, Wet, Light Weight, Reinforced and other panels. The brilliant TNF 320 H-profile, used in all TNF panel joints, has a stiff beam structure and makes the strongest joint in the market. As an added value, the TNF H-profile can be used in all 50 and 100 mm panels as a channel for electrical cables. We deliver TNF Magic® as an upgraded surface, complementary to the traditional pvc. TNF Magic® surpasses technical standards and has been successfully used in hundreds of ships and offshore units. TNF Magic® is safer and more durable and stylish than pvc.

TNF Ceilings and Floors for all situations

Self supporting

C55

C65

Suspension system C46 Hatches

Floors

Most TNF ceilings are self supporting up to 3 meters for maximum efficiency in installation and sound reduction. TNF C55 and C65 come with inter-locking joints. C65 is made to carry 25 kg without suspension. TNF C25 and C64 ceilings are joint by the TNF H-profile. The recessed TNF C80 ceiling has its own splice panel in the joints. TNF C46 has square ceiling panels with a suspension system. All ceilings can be delivered with TNF hatches. The TNF Floating Floor is an efficient solution when high noise reduction, A-60 fire integrity and high load on the floor is needed.

TNF Doors for a lifetime

TNF Doors in all environments for all applications

TNF Doors are constructed not only to be strong and durable but also to provide the ideal door for each situation. TNF A-Doors are made to fit the toughest conditions. We deliver standard TNF B-Doors with sound reduction up to Rw 45 dB. TNF Doors are delivered with the most extensive and attractive surfaces in the market.

TNF

Wet Units to all specifications

TNF Wet Units are made with a special focus on details to ensure that form, function and durability contribute to the overall effect. The TNF Wet Units are made as pre-fabricated ready-to-install modules or as knock-down kits. In our design we focus on long lasting solutions which will give the user maximum comfort. The wall surface is coming in TNF Magic, PVC, stainless, painted or tiles.

**TNF Furniture for the best
comfort and ground
breaking design**

TNF wooden and metal furniture is made for all marine environments in both cabins and public areas. We pay attention to all details in order to reach the best comfort and the best aesthetics at the same time.

**TNF Prefab Cabins for the
best living conditions**

Based on almost 40 years of experience in delivering living quarters, the TNF Prefab Cabin is made for maximum privacy and ergonomics; providing optimum conditions for rest and leisure.

TNF is the complete high quality accommodation system for all marine interiors. The TNF system includes wall and ceiling panels, doors, floors, wet units, furniture and prefabricated cabins. TNF has been leading the development in marine interiors since 1973. The world famous TNF quality is demonstrated in the environment, which can be designed to provide the ideal conditions for all functions.
